Music & Words

Aether

KNOWLEDGE IS POWER

Musicians, poets, artists are all familiar with the Aether - if not by name - through working with tone, time, rhythm, atmosphere etc...

In the Beginning was the Word', and this brings to our attention the role of sound in the creation of the manifest universe... sound generates vibratory patterns in substance and, through this, forms are created or destroyed...

The cosmos is filled with music. And when you go into this other consciousness, that's what you experience. You're surrounded by the music of the spheres.

'Just as the power of our soul is brought to bear on our members through the spirit, so the force of the World-soul is spread... through all things through the quintessence, which is active everywhere, as the spirit inside the World's body...'

A strange extended Orb of Joy, proceeding from within,
Which did on ev'ry side display its force;
And being nigh of Kin to God, did ev'ry way dilate its Self,
Ev'n instantaneously,
Yet an indivisible Centre stay, In it surrounding all Eternity.
'Twas not a Sphere; yet did appear
One infinite: 'Twas somewhat everywhere.'

Acknowledgement of the aetheric in the arts would open up vistas ... of the universe in a completely new
